

Sickness Policy

We appreciate that as a working parent you need to be able to go to work, however if your child is unwell then they will be happier in their own home with their parents. We are happy to care for children with minor coughs and colds but will not care for children who are very unwell, infectious or running a high temperature. We have to go out each day to do school and pre-school runs and need to consider the welfare of all the children our care.

As set by the HPA - Health Protection Agency, if your child has had diarrhoea or sickness in the last 48 hours please do not bring them in, but call and let us know.

If your child becomes ill whilst in our care, we will make them as comfortable as possible, isolate them from the other children if necessary and reassure them. We will contact you immediately and continue to care for your child until you arrive.

We are happy to administer medication, please see our Medicine Policy.

We are happy to work when we have minor ailments such as colds etc. However We will not work if we have sickness or diarrhoea or any other highly contagious infection. Continuing to work would only result in a further spreading of the infection and we would be unable to provide your child with the care they deserve.

If we are unable to work on a contracted day, we will make contact with you the night before or on the morning as early as possible to advise you that we will be unable to care for your child, if you require emergency childcare please discuss this with me and I can provide you the details of my emergency cover or make childcare arrangements for you.
